

PITTSBURGH PIPE

SINCE 1977

QUALITY ASSURANCE & QUALITY CONTROL

We manufacture & fabricate our pipe in strict conformance to our documented QA/QC procedures.

28 Inspections to Assure Conformance

We will not compromise on the quality of our delivered materials. You can be 100% confident that the materials we supply meet the specifications you requested. Before our pipe becomes your pipe, it goes through a manufacturing process which includes 28 inspections that assure conformance to your requirements of length, gauge, diameter, circumference, end prep and surface condition.

Rather than take a sampling of the finished product, we examine every pipe. This is the level of dedication to quality that you can expect from Pittsburgh Pipe.

We supply shop drawings, QA/QC documentation, and certificates of compliance upon request.

About Pittsburgh Pipe

Since 1977, Pittsburgh Pipe has been America's supplier of pipes and construction materials for a wide range of industries. Our reputation for rigid quality standards, exceptional customer service, and industry knowledge has taken off with contractors across the country.

THE RIGHT PIPE. RIGHT ON TIME.
